## **WHO IS K2 STONE**

### **CORPORATE OVERVIEW**

K2 Stone is one of the largest producers and distributors of natural stone products in Western North America. We specialize in natural stone, one of the most durable building materials available for any application.

Natural stone has a timeless beauty that lasts throughout the ages; K2 Stone offers an exceptional level of Quality, Consistency and Customization.

**HIGHEST  
QUALITY**

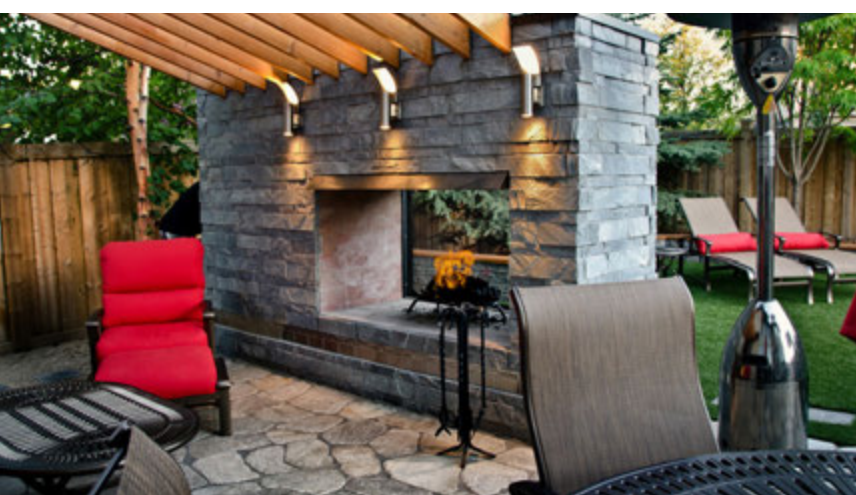

NATURAL  
STONE  
MATERIALS

***We work with our  
stone from extraction  
to delivery! All of our  
products are quarried  
and cut within  
North America.***

K2 Stone will maintain its appeal throughout the entire lifecycle of your project.

Denser than concrete, K2 Stone will not deteriorate, fade or lose its enduring beauty. Natural stone is environmentally preferable as there are no harmful paints, chemicals or VOC's (Volatile Organic Compounds). K2 Stone qualifies for LEED accredited points that you can add to your overall project rating.

## SUSTAINABILITY OVERVIEW

OUR  
ENVIRONMENTAL  
SUSTAINABILITY  
INITIATIVES

Our sustainability initiatives include the following:

- Water Conservation
- Waste Diversion
- Carbon Footprint Management
- Environmental Impact Management
- Social Sustainability

***Environmentally  
conscious products  
produced with  
sustainable initiatives.***

## WATER CONSERVATION

WE  
RECYCLE  
OUR WATER

***We recycle water to  
reduce consumption,  
water conservation  
depends on recycling.***

The preservation of fresh clean water is one of our primary sustainability initiatives. We have implemented water recycling procedures and the use of a water collection system at our production facility.

Our water conservation processes have allowed us to reduce our fresh water consumption.

## WASTE DIVERSION

REDUCE,  
REUSE &  
RECYCLE

***Building a rock  
solid future, our  
products are  
sustainable  
and recyclable.***

We convert our waste products into reusable and recyclable materials.

- Through our partnership with other industries K2 Stone has implemented a cradle to cradle lifecycle, utilizing 100% of all stone extracted
- We use natural, reusable and recyclable packaging materials to transport our products
- K2 Stone outlasts manufactured materials which keeps unnecessary waste out of landfills

## CARBON FOOTPRINT

REDUCING  
OUR  
TRANSPORT  
EMISSIONS

***Minimizing our  
transportation  
allows us to reduce  
our carbon emissions.***

We reduce our carbon footprint one mile at a time.

Our Emission Reduction Initiatives Include:

- Only using stone quarried in North America
- Strategically located production facilities
- Efficient product packaging
- Bulk transport shipments
- Regional distributors

## ENVIRONMENTAL IMPACTS

K2 STONE HAS  
A CRADLE TO  
CRADLE LIFECYCLE

***K2 Stone is a  
naturally sourced  
product and does not  
contain any harmful  
chemicals.***

Our product is sourced from nature to eliminate the use of harmful chemicals. We currently have the following programs in place to reduce our environmental impact.

- Quarrying exclusively in North America
- Selective stone extraction processes
- Dust control systems
- Processes which maximize yield and minimize waste
- Quarry water testing to monitor for acid rock drainage
- On-going quarry reclamation

## SOCIAL SUSTAINABILITY

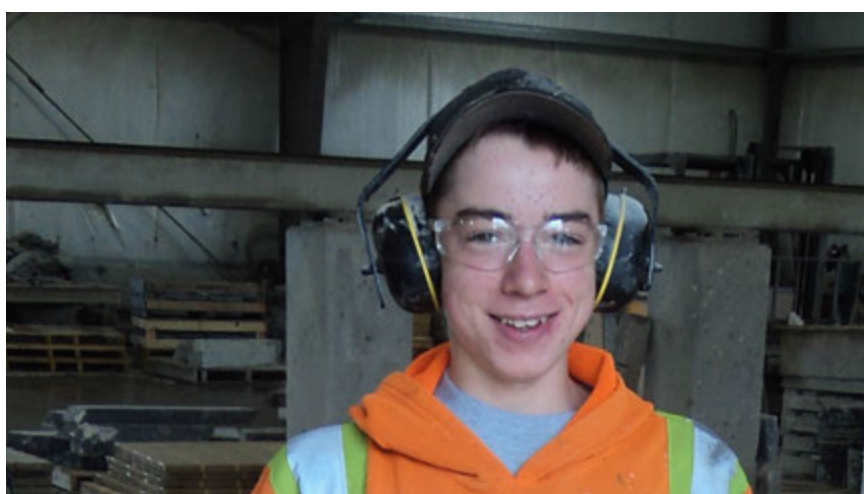

INVESTING  
IN OUR  
COMMUNITIES

***Quality products  
stem from valuable  
employees. We invest  
into our workforce  
for the future.***

Social responsibility is equally as important as our environmental responsibility. That is why we are continually working on:

- Maintaining safe working environments
- Providing competitive employee wages
- Providing employee health benefits
- On-going employee training programs
- Supporting the communities in which we operate by hiring local, sourcing local and working with local businesses.

**RESPONSIBLE  
ENTERPRISE**

PROTECTING  
NATURE FOR  
FUTURE GENERATIONS

***Do you know where  
your stone comes  
from? Or how it  
will stand up to the  
elements? We do.***

Our products are hand selected and their quality is a reflection of the individuals who create them.

We continually strive to improve our environmental stewardship with sustainable initiatives. Our goal is to produce natural stone building materials that will exceed expectations and withstand the test of time.

K2 Stone proves enduring beauty that matures with time.
